ALL LINES MATTER

811 + Private Locates
= SAFE Job Sites

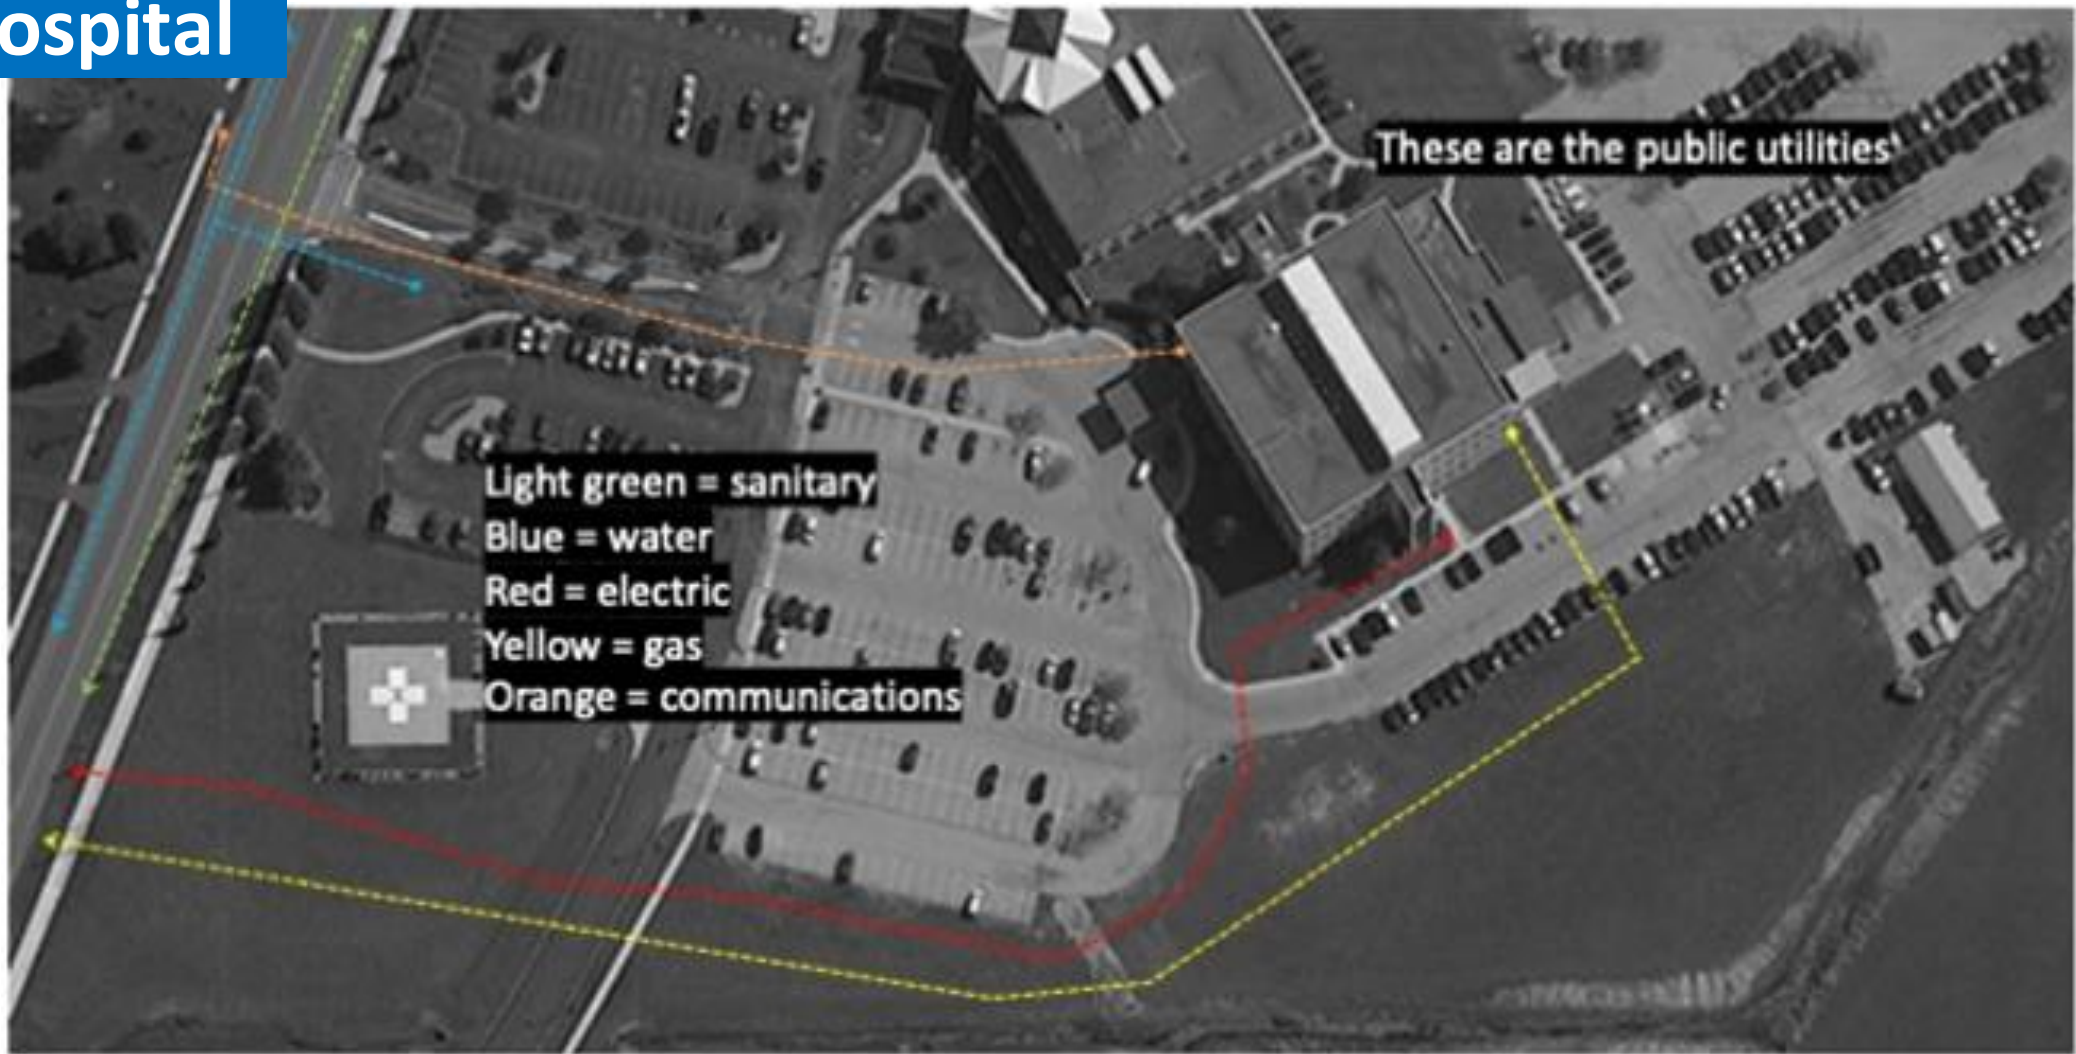

What percentage of
Underground utilities are
Privately owned?

65%

of all underground utilities are privately
owned

So does that correlate
to my job site?

Hospital

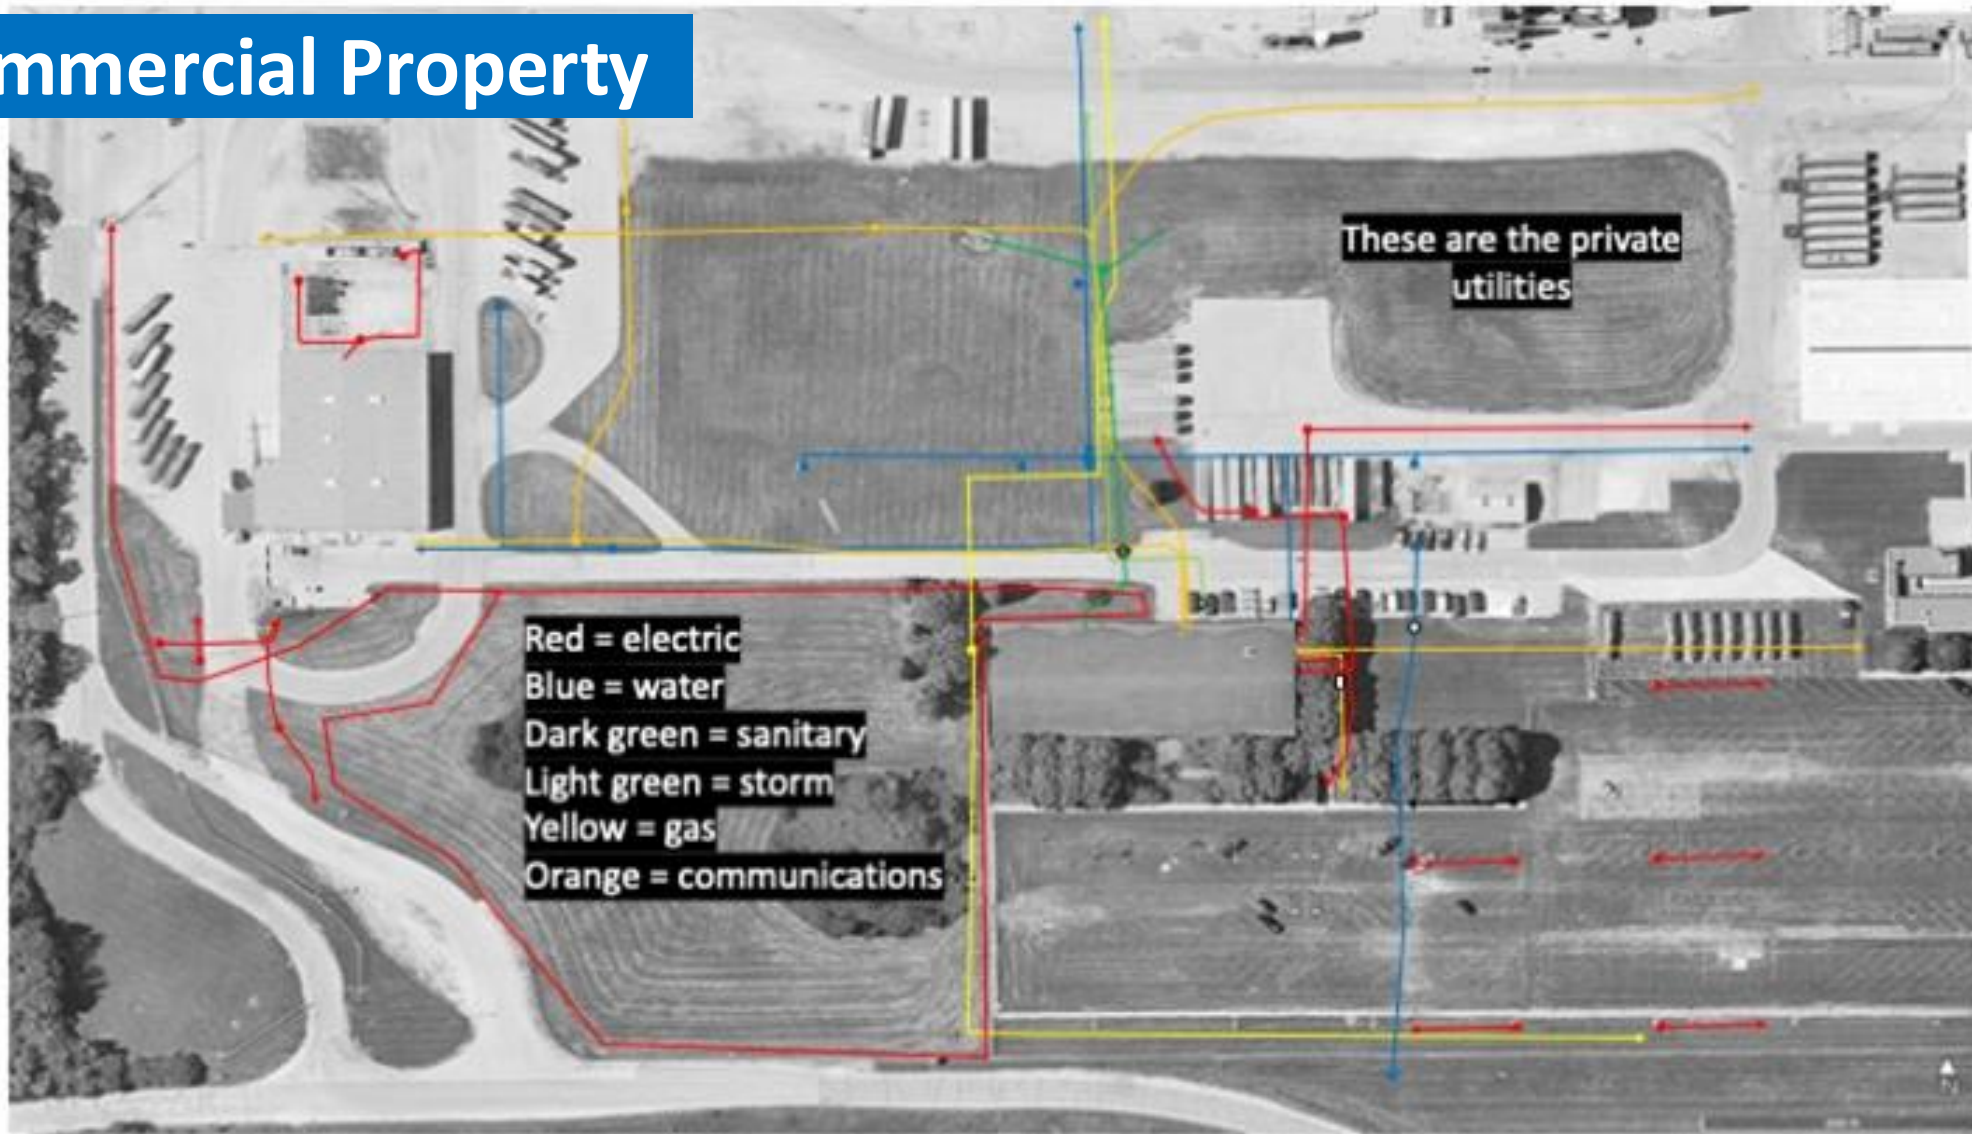

Hospital

Commercial Property

Commercial Property

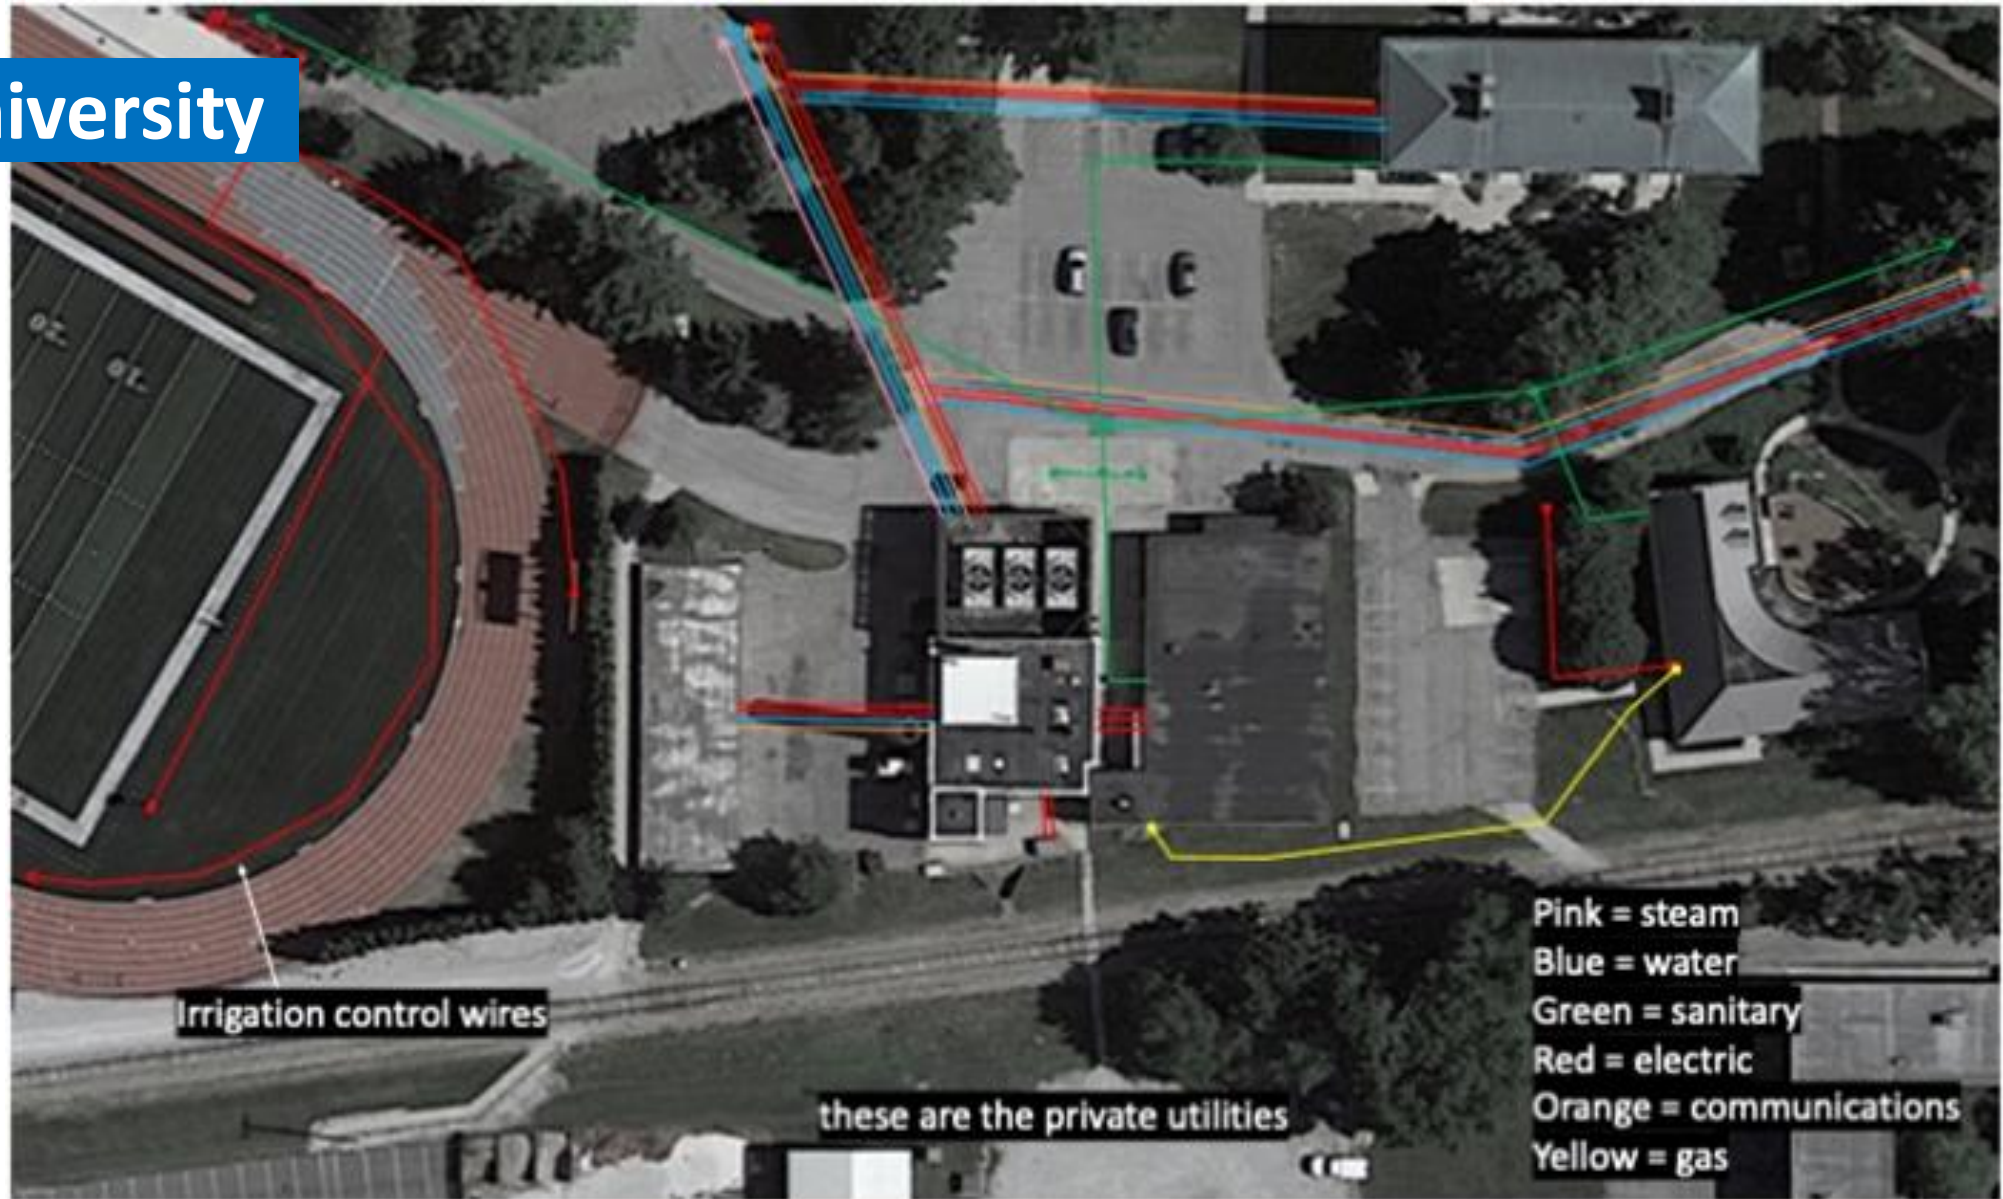

University

Red = electric
Orange = communications
Yellow = gas

These are the public utilities

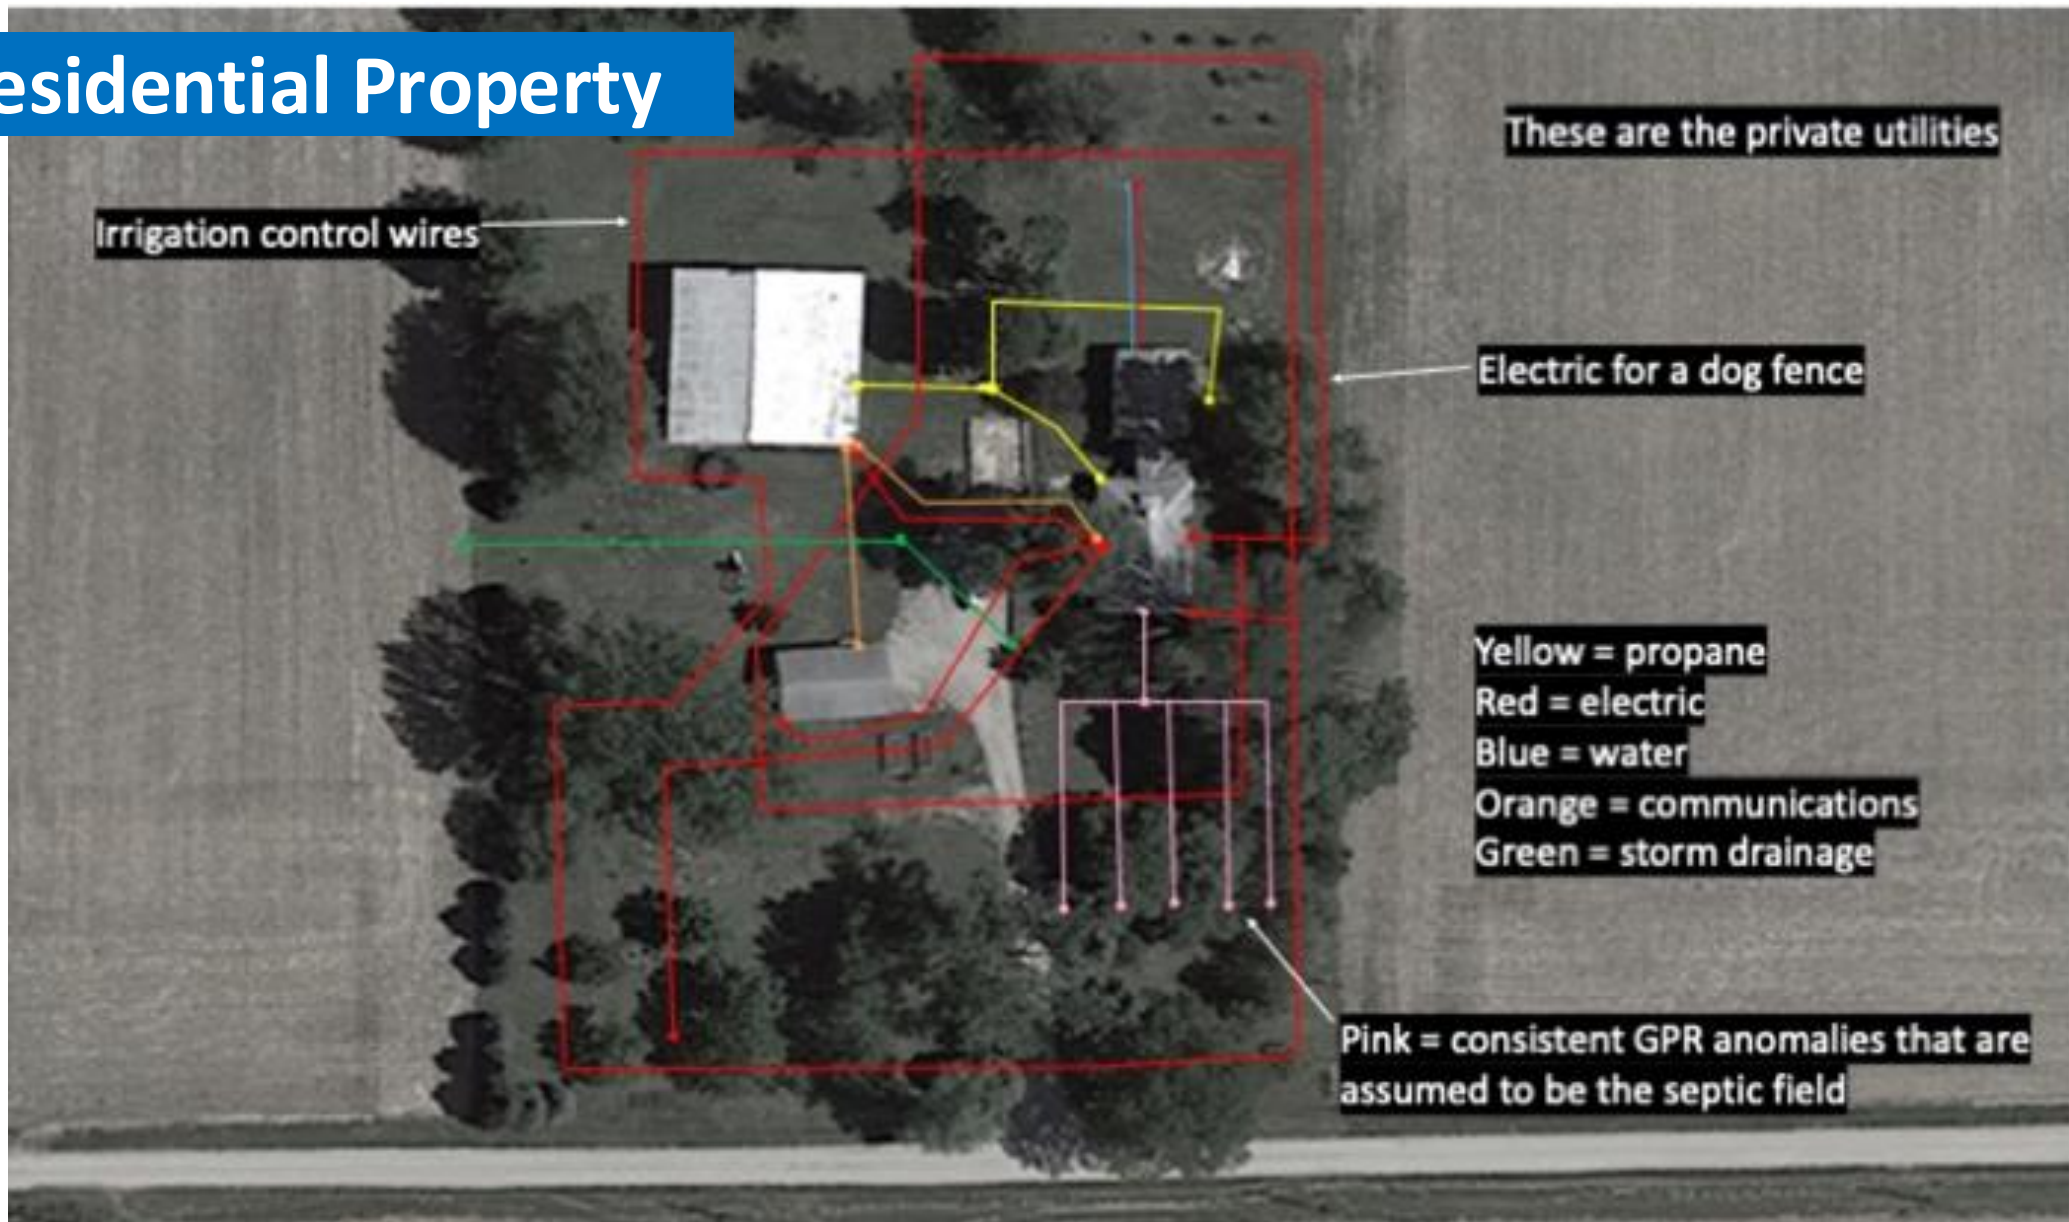

University

Residential Property

Residential Property

Hypothetical

Let's do some Math.

3 out of every 10 job sites

1,700,000 tickets called in (IN)

510,000 tickets

Challenges

- No real established guidelines like 811
- No maps, records or accurate data
- We become utility investigators
- Locates on demand
